CONTENTS

LUBO IVANCAK

architect, graphic designer

[A] Summary

Modern technologies have changed the way we live and think. Lubo Ivancak understands this trend. That is why he stays competitive among other graphic designers and/or studios.

Summary

Lubo Ivancak is an architect and graphic designer living and working in Bratislava, Slovakia.

Passionate about computer graphics, really enjoys 3D visualizations and animations of architecture or landscape. Versatile, ranging from still image through motion graphic to interactive presentations on cd/dvd or web.

Expert at finding innovative and effective solutions, with an eye for detail. Constantly learning and developing skills, able to quickly gain expert knowledge in new CG technologies. Suitable to lead team of graphic designers / artists and share knowledge with others. Friendly and optimistic.

Solid commercial experience from architectural, design, art, fashion and television background.

After years of gaining experiences, Lubo Ivancak has found Lanthir Lamath - graphic studio, info at www.ll.sk.
